

Call for Paper

Enriching science in Open Access

Peertechz is an emerging name in online ethical publication. With over 100 journals in our sack, we try to touch every aspect related to science and technology.

Peertechz stands out for three main reasons:

- Publishing original research works with methodically designed peer-review process
- Collaborating with different academic institutions for promoting Open Access publication system
- Substantial waivers on publication fees for the authors lacking funding resources.

There is a lot going on in scientific researches and there are a lot of articles piled up for publication.
