Epidemiology of drug-resistant tuberculosis in Bahrain, five years review

Published On: February 03, 2020 | Pages: 022 - 025

Author(s): Safaa AlKhawaja*

Introduction: Tuberculosis (TB) remains a major cause of morbidity and mortality worldwide, drug resistance is one of the major contributors to that. No existing published data about the burden of Multi-Drug Resistant (MDR) TB in the kingdom of Bahrain, the aim of our study is to estimate the prevalence of MDR TB in the kingdom and to define its resistance profile. ...

Risk Factors of Sexually Transmitted Infections among Women of Child-Bearing Age in IDP camps in Abuja

Published On: January 08, 2020 | Pages: 012 - 019

Author(s): Judith I Ukwajuunor, Okwuoma C Abanobi, Chikere Ifeanyi C Ebirim*, Sally NO Ibe and Chrystain C Nwachukwu

Background: Sexually Transmitted Infections (STIs) are a major public health concern which is responsible for acute illness, infertility, long-term disability and death globally. The adverse effect is however profound in developing countries and among women when left untreated. In Nigeria, the Boko haram insurgency and other conflicts has given rise to internally disp ...

Study on Excreta Disposal Methods and the Occurrence of Faeco-oral Diseases in Owerri-North L.G.A, Imo State
Introduction: Access to excreta disposal facility (sanitary toilet) is a necessary human right of everybody and the fundamental sign of sustainable development. Children and adults regularly suffer from diarrhea and typhoid fever which are diseases that are spread mostly through faeco-oral route. The general objective of this study was to determine the excreta disposal ...
India is a country known for its heritage. Man protecting woman has been long considered a virtue rather than good conduct in our country. Just like good clinical practices in research there are few basic tenets on which every society stands and socio-cultural systems are built up. ...

Health Alert Network

Published On: February 19, 2020 | Pages: 026 - 027

Author(s): Dheeraj Sharma* and Ansuman Panigrahi

“Always plan ahead. It wasn’t raining when Noah built the Ark.” Having said that quote from Richard Cardinal Cushing about emergency preparation, let us move on to our topic “Health Alert Network”.
