The Metabolic Syndrome in Hispanics – The Role of Inflammation
We report clinical and molecular mechanisms relating the pro-inflammatory and anti-inflammatory process in the development of the components of the metabolic syndrome, emphasizing the cardiovascular problems developed in these groups of patients, especially the Hispanic population. Namely, the incidence, component characteristics and complications of the metabolic syn ...

Transient Hypoparathyroidism in Diabetic Ketoacidosis

Introduction: Diabetic ketoacidosis patients frequently develop a constellation of electrolyte disorders. These patients are markedly potassium-, magnesium- and phosphate-depleted, but hypocalcemia due to transient hypoparathyroidism was seldom reported previously. ...
