Drug Resistance Testing in HIV Infected Individuals on Treatment and Naive: Implications on Treatment Outcome

Published On: September 25, 2015 | Pages: 062 - 068

Author(s): Winfrida Cheriro, Gideon Kikuvi, Simeon Mining, Wilfred Emonyi, Erick Rutto, Elijah Songok and Michael Kiptoo*

Background: The Government of Kenya started offering ART in the public sector since 2003. Despite the dramatic reduction in AIDS related morbidity and mortality, the emergence and spread of drug resistance (DR) threatens to negatively impact on treatment regimens and compromise efforts to control the epidemic. Therefore, there is a need for information on the situation ...

Burden of HIV Infection in Children with Severe Acute Malnutrition at the University of Abuja Teaching Hospital Gwagwalada, Nigeria

Published On: September 18, 2015 | Pages: 055 - 061

Author(s): Adaora A Okechukwu*, Orji A Okechukwu and Ijeoma O Chiaha

Background: Human Immunodeficiency Virus pandemic has adversely affected the nutritional status of many children in the sub region, an area where malnutrition is also endemic. The study was aimed at assessing the burden of HIV infection among under five with severe acute malnutrition, determine its common forms, the outcomes and associated co-morbidities. ...
Nigeria

Published On: September 10, 2015 | Pages: 049 - 054

Author(s): Adaora A Okechukwu* and Frank I Amajuoyi

Background: In high-income countries, viral load is routinely used for monitoring HIV patients on antiretroviral therapy for early detection of drug failure. This is not the case in most resource limited settings like ours where only WHO immunological and clinical criteria are used for monitoring. This study is aimed at determining the rate/time of failure to 1st and ...
Introduction: Early Infant Diagnosis (EID) targeting HIV exposed infants, happens over a period of time (6 weeks up to 18 months), and employs different testing technologies at different testing time points. Being a process that is implemented over time and employing different testing technologies, a testing algorithm was designed to ensure reliable final diagnosis. Th ...
