Faraway suture technique in hypospadias repair

Published On: February 19, 2020 | Pages: 006 - 007

Author(s): Ahmed E Lasheen*

Background: The complications after hypospadias repair still occurred in spite of much advancement of type of suture materials and suture techniques. This study offers new suture technique trying to improve the outcome of hypospadias repair. Methods: This study included 23 hypospadias cases (11 distal penile, 7 mid penile, 5 proximal penile hypospadias). The standard ...

Thyroidectomy under local anaesthesia in a poor resource health facility in Northeastern Nigeria

Published On: January 24, 2020 | Pages: 001 - 005

Author(s): Aliyu S, Ningi AB* and Rabi’u MB

Background: The provision of quality health care is one of the priorities of every government. The quality of such care is however, limited by the human and technical resources available. The varying types of thyroidectomy for Goitres are often done under general anaesthesia, unless, there is a contraindication such as, cardiopulmonary instability. Recently, there is ...

A rare complication of inguinal hernia: Small bowel perforation due to falling
Small bowel perforation can occur either spontaneously or due to traumatic causes. Non-traumatic spontaneous small bowel perforation can be caused by various reasons including infectious, inflammatory, congenital, metabolic, vascular or neoplastic origins. Small bowel injury due to blunt trauma is a rare phenomenon compared to other intraperitoneal organ injuries, and ...
