The History of Cystic Fibrosis

Published On: March 07, 2019 | Pages: 001 - 006

Author(s): Javier Pérez-Frías, Estela Pérez Ruiz, María del Carmen López Castillo* and Pilar Caro García

Humans have died from CF for thousands of years, while, the first clear references to the disease extend back only a few centuries. It was recorded in popular ancient folklore from Northern Europe which ensured that if you kissed a child with a salty taste, it was said to be “hexed” and would die an early death. In 1936 Professor Guido Fanconi established a relation ...
